

Material Safety Data Sheet
REVOLUTION Stone Products
REGALSTONESEALER

Section 1 – Product Identification

Product Name: Revolution Stone Products
REGAL Stone Sealer

Produced By: Plastic Associates Mfg., Inc. 3894 Oakcliff Industrial Ct. Doraville, GA 30340 - 1-800-316-3857

Section 2 – Components

Ingredient	CAS#	WT%	OSHA PEL	ACGIH TLV
Odorless Distillates	64742-95-6		N/E	N/E
Fluoropolymer	Proprietary		N/E	N/E
Methanol	67-56-1		N/E	N/E

Section 3 – Health Hazard Data

Chronic Effects of Overexposure: No known applicable information

Acute Effects of overexposure:

Ingestion: May irritate stomach. May be aspirated into the lung if swallowed, resulting in pulmonary edema and chemical pneumonitis. Skin: Mild irritant

Inhalation: May cause headache, dizziness, nausea, and unconsciousness. Eye: Mild irritant

Section 4 – Emergency First Aid Procedures

Ingestion: Do not induce vomiting. Call poison control and call a physician.

Inhalation: Seek fresh air. If unconscious, give artificial respiration and seek medical attention

Eye Contact: Immediately flush with large amounts of water for at least 15 minutes and call physician.

Skin Contact: Remove contaminated clothing and wash before reuse. Wash with soap and water.

Section 5 – Fire and Explosion Data

Flash Point: 128 degrees F Auto Ignition: N/A Combustible Liquid Class II-A

Extinguishing Agents: Dry Chemical, Carbon Dioxide, Foam or Water spray

Special Fire Fighting Procedures: Evacuate personnel to safe area. Avoid breathing decomposition products. Shut off source if possible. Use NIOSH or MSHA approved breathing apparatus.

Hazardous Decomposition or Combustion: Carbon Monoxide, carbon dioxide, hydrogen fluoride, silicon dioxide.

Unusual Fire and Explosion Hazards: A combustible liquid can form combustible mixtures at temperatures at or above flash point.

Material can accumulate static which can cause an incendiary electrical charge.

Section 6 – Accidental Release Measures

Procedure for cleanup: Eliminate all ignition sources. Leaks should be stopped. Spills should be contained and cleaned up immediately. Evacuate unnecessary personnel. Small spills may be soaked up with compatible absorbent materials, which should be placed in closed container outdoors.

Section 7 – Handling and Storage

Keep container closed. Store in a cool, well ventilated place. Do not handle or store near an open flame, heat or other source of ignition. Use ground strap while dispensing from metal drums.

Section 8 – Exposure Control and Personal Protection

Respiratory: Not normally needed. If vapor concentration becomes high, use NIOSH approved respirator. DO NOT AEROSOLIZE

Section 9 – Physical/Chemical Characteristics

Form: Liquid	Appearance: Colorless	Specific Gravity: 0.8	Solubility in water: Negligible
Evaporation: < 1	Odor: Mild hydrocarbon	Boiling Point: 340 degrees F	Water Reactivity: None

Section 10 – Stability and Reactivity

Stability: Stable – Polymerization will not occur Incompatibility: Oxygen; Strong oxidizing agents

Section 11 – Toxicological Information & Section 12 Ecological Information

Please call toll free number in Section 1 if information is required

Section 13 – Disposal Considerations - Dispose of products only by approved methods of federal, state, and local regulations

Section 14 – Transport Information

For transportation accidents call **INFOTRAC (800) 535-5053**. Transportation Data/DOT

Shipping Description: Hydrocarbon Liquid, N.O.S., 3, UN 3295, III

Note – Containers containing less than 119 gallons are not regulated by DOT

Section 15 – This product is in compliance with the U.S. Toxic Substance Control Act (TSCA) inventory requirement.

Section 16 – Format and Preparation complies with ANSI Z400.1-1993

Revision date: 02/22/06. Supersedes any prior versions
